**Cancer touches all of our lives
Mother, Father, Daughter and Son
Brothers and Sisters, Husbands and Wives
Cancer impacts everyone**

**Especially the children whose hearts are so pure
Growing up without their mother or dad
Or grampa or granny or auntie or uncle
Those little faces can make me so sad**

**So let's all stand against cancer, Let's slam cancer against the wall
Let's beat the heck out of cancer, Until it's gone for once and for all**

**Maybe you lost a friend or lover
Or the woman who brought you into this life
Someone you admired or someone you loved
It's for them that we all must fight**

**So let's all stand against cancer, Let's slam cancer against the wall
Let's beat the heck out of cancer, Until it's gone for once and for all**

**So you may wonder "What can I do
To fight something so vast and so strong?"
Well you can give all you can to help find the cure
Get your friends to all come along**

**So let's all stand against cancer, Let's slam cancer against the wall
Let's beat the heck out of cancer, Until it's gone for once and for all
So let's all stand against cancer, Let's slam cancer against the wall
Let's beat the heck out of cancer, Until it's gone for once and for all**
