

# **Another Corona**

**Richard Love**

4/7/02

**You and I have had trouble  
We knew it long before now  
You want me to change the man I am  
Baby, I just don't know how  
I know when you leave this time  
You won't come back no more  
Please bring me another Corona  
Before you walk out my door**

**You and I we just didn't work out  
Passion only lasts so long  
We always had to work so hard  
Should'a known something's wrong  
If you'll do this one thing for me  
I won't ask for anything more  
Please bring me another Corona  
Before you walk out my door**

**Another Corona would really hit the spot right now  
Another Corona and I'll make it through somehow  
Another Corona that golden brew from Mexico  
Please bring me another Corona, from the fridge before you go**

**Outside the night is falling  
You tell me that you're short on time  
I know you want to get on with your life  
Well Honey, I want to get on with mine  
I know I'll never see you again  
After you leave this time  
Please bring me another Corona  
And I won't ask you for a lime**

**Another Corona would really hit the spot right now  
Another Corona and I'll make it through somehow  
Another Corona that golden brew from Mexico  
Please bring me another Corona, from the fridge before you go  
Please bring me another Corona, from the fridge before you go**
