

It's so easy to miss you, Everytime you're away

Every minute, every hour, I miss you everyday

It's so easy to miss you, Everytime you're away

Every minute, every hour, I miss you everyday

I miss hearing you breathe, I miss your sweet voice

Being so far from you babe, You know it's not my choice

I think of you and babe I want you, right here beside me

Not just in my mind, Not just here inside me

It's so easy to miss you, Everytime you're away

Every minute, every hour, I miss you everyday

It's so easy to miss you, Everytime you're away

Every minute, every hour, I miss you everyday

You're the last thing on my mind, When I close my eyes at night

You're the first thing that it think of, In the morning light

Someday babe, I'm hoping, Someday before too long

I'll kiss you with all my passion, And I'll sing to you this song

It's so easy to love you, And babe I'm here to stay

Every minute, every hour, I will love you everyday

It's so easy to love you, And babe I'm here to stay

Every minute, every hour, I will love you everyday
