

**My baby is a fast train, got a really sweet caboose
My baby is a fast train, got a really sweet caboose
Heads will start a turning, when she starts cuttin' loose**

**My baby is a fast train, rolling down the line
My baby is a fast train, rolling down the line
She ain't hard to look at, yeah my baby looks so fine**

**My baby is a fast train, got a really sweet caboose
My baby is a fast train, got a really sweet caboose
Give that girl a back beat, just watch her swing the blues**

**My baby is a fast train, she's going where she's going
My baby is a fast train, she's going where she's going
Her face is the first thing, I wanna look at in the morning**

**My baby is a fast train, got a really sweet caboose
My baby is a fast train, got a really sweet caboose
Lots of women in this world, baby you're the one I choose**
