

I Miss You Pluto

Late at night I look up, I feel a little sad
You are last in the line, they treated you so bad
You were kicked out because, you're a little small
But to me you'll always be the cutest one of all

I miss you Pluto, you'll always be a planet to me - CHORUS
Don't care what they say in any observatory
I miss you Pluto, though you're mostly rock and ice
Give Pluto a break my friends, do we have to be so precise?
I miss you Pluto, you're the solar system's caboose
Let's make Pluto a planet again, what have we got to loose?

I grew up with nine planets and now there's only eight
Pluto all you need to do is put on a little weight
Neptune who for all these years, has been feeling fine
Now is suffering low self esteem from being last in line

CHORUS

I learned this to recall what the order planets was
My Very Educated Mother Just Served Us Nine Pizzas
Without you Pluto we lose the whole nine-pizza thing
Now we got My Very Educated Mother Just Served Us... Nothing

CHORUS

Let's make Pluto a planet again, what've we got to loose?
Let's make Pluto a planet again, what've we got to loose?
