

If My Dad Comes Home

Richard 'Daddy' Love

3/8/2011 - revised 4/2/2012

I hear the TV news, every single night

Talk about Vietnam, dad went there to fight

He said it was his duty to serve the USA

I miss things we used to do, before he went away

- CHORUS -

If my dad comes home we'll go fishin'

Play catch in the front yard, with every kind of ball

His voice sounds so far away on the telephone

Everything will be OK, if my dad comes home

We'll go to the mountains, camping by a lake

He'll light all the candles on my birthday cake

We'll read the Sunday paper out on the porch

Me I like the comics, Dad he likes the sports

CHORUS

My friend's dad wears a coat and tie, comes home every day

My dad wears a uniform, works nine thousand miles away

He'll be gone for months and months, until his job is done

When I see my dad I'll say "I'm so proud to be your son!"

CHORUS

Everything will be OK, if my dad comes home
