

**I see you smile behind your mask as you approach my table
I'd kiss you on your lips right now if I were only able
I gotta stay six feet away, I gotta stay alert
Man, this damn pandemic, makes it really hard for me to flirt**

**Every girl that passes by feels like another missed chance - Chorus
Damn it's hard to land a chick and keep your social distance
And even if she winked my way and said "Yes, I see you"
I do not want our romance to end up in the ICU**

**I'd like to take you to the beach and see your cute bikini
Or bring you back to my place and make you a big martini
I wish this gosh darn virus wasn't such big old meanie
How's a guy 'sposed to get a girl with things so quarantine-y?**

**Every girl that passes by feels like another missed chance - Chorus
Damn it's hard to land a chick and keep your social distance
And even if she winked my way and said "Yes, I see you"
I do not want our romance to end up in the ICU**

**Corona influenza can cause a major ouchie
Gotta wear a mask and gloves, just ask Dr Fauci
Trying to make a good impression, the best one that I can
Maybe you'll even ask someone "Who was that masked man?"**

**Every girl that passes by feels like another missed chance - Chorus
Damn it's hard to land a chick and keep your social distance
And even if she winked my way and said "Yes, I see you"
I do not want our romance to end up in the ICU
No, I don't want our romance to end up in the ICU
Maybe you and I could share a room, down in the ICU**
