

I sang my girl a love song, It was soft and it was sweet
Sang about undying love, How she swept me off my feet
Words of her great beauty and grace rolled off my tongue
I wrote every word for her, she said this when I was done...

I wanna ROCK! I wanna ROLL!,
I wanna hear your guitar screaming, Like a banshee outta control
I want it HARD!, I want it LOUD!
I wanna cause a big commotion, And draw a big ol' roudy crowd!
You know I like your love songs babe, you know I love romance
But gimme some rocking rolling tunes, that'll make me wanna dance

Thank you for the love song babe, You're a sweetheart no doubt
But I wanna hear some rock-n-roll, I wanna jump and shout
-CHORUS-

So crank up your amp and bend those strings, I wanna rockin' rollin' song
I wanna dance, I wanna prance, shake it baby all night long
-CHORUS twice-

You know I like your love songs babe, you know I love romance
But gimme some rocking rolling tunes, that make me wanna dance
