

Stupid Little Song About Waiting - Richard 'Daddy' Love 2/11/2020

I'm waiting, I don't know what for
I'm waiting, since quarter to four
I'm waiting, my eye on the door
I'm waiting, gonna wait some more

I'm waiting, they said it'd be soon
I'm waiting, I been here since noon
I'm waiting, pacing round the room
I'm waiting, 'til the next full moon

I could wait 'til the sea evaporates - Chorus
Climb from Hell up to the Pearly Gates
Name the capitals of all fifty states
I'm the man who waits

I'm waiting, hey what's the delay
I'm waiting, sitting here all day
I'm waiting, I'm just wasting away
I'm waiting, growing old and gray

I'm waiting, when is it my turn
I'm waiting, I'm starting to burn
I'm waiting, they got no concern
I'm waiting, point of no return

Chorus

I'm waiting, don't string me along
I'm waiting, they're gonna prolong
I'm waiting, trying to stay strong
You're waiting, for the end of this song
