

Born on Christmas Richard 'Daddy' Love

10/17/2018

Em
I was born on Christmas
Am
Married on the Fourth of July
Em
Worked hard to make a living
Am
You know I was a regular guy

Never had a woman
That loved me just the way that I am
Nothing was ever good enough
Maybe I just don't give a damn

C
Maybe you're unhappy [CHORUS]
Em
But you can't make me unhappy too
C
Maybe I'm just not the guy
D Em
To share your unhappiness with you

Play my guitar
Write my sad songs in the night
You work so hard to be unhappy
Something I just can't make right

Well I'm so tired of trying, I'm so tired of lying
When I tell you everything is okay
So when you see me leaving
Better get yourself out of my way

CHORUS

A decade has come and gone
Since the day I walked out of that place
I miss the hope I had for us
But I don't miss that look on your face

CHORUS

I was born on Christmas
Married on the Fourth of July
