

# Following Sweet Gypsy's Smile - Richard 'Daddy' Love

12/28/19

Em Am Em Am  
Gypsy is very well-traveled, She's been all over the place  
Em Am Em Am  
Put the top down, Head out of town, Brings a big smile to her face  
Em Am Em Am  
Gypsy growls at big city traffic, Loves wide open highways  
Em Am Em Am  
If she had her wish, It would be this, To travel them all of her days

C D C D  
This world flies by at such rapid pace – [CHORUS]

C D C D  
Spinning while hurling itself through space

C D C D  
Life passes quickly, Time seems to race

C D Em  
Each of us clinging on to our place,

Am  
Meanwhile...

C D C D C D G  
I'll be the guy with stars in his eye, Following sweet Gypsy's smile

C D C D C D G  
Yeah I'm just a guy with stars in his eye, Following sweet Gypsy's smile

Em Am Em Am  
Gypsy wears things that are shiny, She looks so damn good in red  
Em Am Em Am  
Her smile could light your darkest night, Chase all those blues from your head

[CHORUS]

C D C D C D G  
Yeah I'm just a guy with stars in his eye, Following sweet Gypsy's smile

[Outro]
