

**E**  
You woke up late this morning, Your woman in some other bed  
**E**  
Your brain was still pounding, From the whiskey in your head  
**A**  
You lost your whole life savings, In a bet that 'just can't loose'  
**E** **B** **B B A# A**  
Lost your coolest dark sunglasses, Well Brother, welcome to the blues

**You find out your man's been cheating, With some hussy at the bar**

**Lost your job 'cause of cut backs, Just smashed up a brand new car**

**You seem to make a bad decision, Every time you have to choose**

**Your favorite TV show's been canceled, Well Sister, welcome to the blues**

**Sing your song and play your heart out, Through the strings on your guitar**

**Pour out all your hurt and anger, She drops a bill in your tip jar**

**She sways her hips to the backbeat, This girl's had a couple brews**

**Every day's a new adventure, Well Baby, welcome to the blues**

**Every day's a new adventure, Well Baby, welcome to the blues**

**Every day's a new adventure, Well Baby, welcome to the blues**
