

The Blues is Gonna Find You

Richard Love

10/19/03

No matter where you travel, no matter where you roam
Whether you go to Memphis, or stay right in your home
The blues is gonna find you, gonna spin your heart around
The blues is gonna find you, gonna smack you to the ground

The blues is gonna find you, No matter what you do (chorus)
The blues is gonna find you, Gonna find me too

You can buy yourself some new clothes, sunglasses and a hat
The blues is gonna find you, don't you worry about that
You can try to hide in a bottle, or behind a glass at the bar
The blues is gonna find you, no matter who you are

The blues is gonna find you, No matter what you do (chorus)
The blues is gonna find you, Gonna find me too

(instrumental break)

You can have yourself a whiskey, a brewsky or a Coke
The blues is gonna find you, that ain't no joke
You can come on down to the roadhouse, to hear yourself a song
The blues is gonna find you, ain't gonna take too long

- Chorus - twice
