

**Wanna Be Bad                      Richard "Daddy" Love      8/30/2011**

**I see you just walk on by, My my my my oh my  
Mesmerized by your jiggle, Don't wanna miss a single wiggle  
Blue jeans huggin' you so tight, Shaking left and shaking right  
I'd kiss you right now if I could, I bet you do bad real good  
I'd kiss you right now if I could, I bet you do bad real good**

**You look up I catch a glance, Wonder if I've got half a chance  
Do I see passion in your eyes? Can I make you realize?  
I could be your lover man, If you just tell me that I can  
I'd kiss you right now if I could, I bet you do bad real good  
I'd take you home if I could, I bet you do bad real good**

**Wanna be bad with you, Wanna be bad with you      - bridge  
I'd kiss you right now if I could, I bet you do bad real good  
I'd take you home if I could, I bet you do bad real good**

**I know my face is turning red, Blood is rushing from my head  
A little voice says "take it slow, You've messed up a lot you know  
Since you were a little kid in school", Another voice says "Shut Up Fool!  
Ask her out you know you should, I bet this girl does bad real good!  
Take her home you know you should, I bet you do bad real good!"  
I'd kiss you right now if I could, I bet you do bad real good  
I'd take you home if I could, I bet you do bad real good**
